### ▼ About me

Hi there! I'm John and I'm 10 years. Thanks for visiting my little corner profile.

I'm a very happy kid. I love my family and friends. I would love to become a professional Football player in future, like Cristiano Ronaldo, he's my favorite, but I'm not sure yet.

I also love to play guitar and when i listen my daddy talking about the 80's Rocky bands, that sounds awesome! So maybe I could prefer be a Rocky Star instead. But, I also love martial arts, games and Technology as well.

Ops! I got confused now, so many paths to explore. Let's just have some fun at moment and let to think about future in few yeras time.

### ▼ My Friends

My buddies are a very important to me. They are funny, make laught a lot. We play a lot and I really enjoy spending time together.

### ▼ My School

My School is huge. It's a very big, old and bauhful building. My teacher said the school have more than 500 years old, that is a lot of years!

We have many activities there, from classic music to cooking classes. There are plenty space and many classrooms, a big garden in the rear, swimming pool, music room, football pitch and a huge indoor patio for the raining days. It's a great place to study.
